AQ-4 MkII

A high quality multipurpose marking and distress personal strobe light

AQ-4 MkII is designed for use in extreme rough maritime and onshore environments. This strobe light is equipped with a high intensity LED that by a two-way switch activates either flash or fixed light.

Typical applications are diving and fire-fighting as location aid, military-personnel and/or equipment marking and aid, personnel/crew on-board any type of vessels, search and rescue personnel, parachuting and kayaking, back-pack travelers and hunters, among other activities.

AQ-4 MkII is approved by NATO. NATO Stock Number (NSN): 6230251387110.

AQ-4 MkII

AQ-4 MkII is sold in boxes of 5 units and includes velcro straps.

Velcro strap
